

Victor Onyshchenko

Ukrainian painter working in impressionism style.

Was born in 1977 in Chernihiv (Ukraine), in the family of artist Vyacheslav Onyshchenko. Thanks to my father, I was involved in the atmosphere of fine art since childhood. Graduated from Kyiv Republican Art School T.G. Shevchenko. In 1996 entered the National Academy of Fine Arts and Architecture (Kyiv). From the third year studied in group of landscape painting with Prof. Vasyl Zabashta.

Worked as an artist in theater and cinema. Participant of all-Ukrainian and international exhibitions. Member of the National Union of Artists of Ukraine since 2017.

I love to paint Ukrainian landscapes. Mostly I work in plein air in the picturesque corners of Kyiv and Chernihiv regions. Several times I've been to plein airs in the Carpathians. I love Ukrainian and Russian painting of the Soviet period. Also, I am interested in impressionist and postimpressionist painting. In my works I strive for color harmony and a fresh, lively, bold style of painting.
